Air Passenger Rights
Halifax, NS

VIA EMAIL

Dear Dr. Lukacs,

On behalf of the Jetlines team, I would like to thank you for supporting Jetlines' letter of exemption to raise the foreign ownership in Canada from 25% to 49%.

The letter which you addressed outlining the details of your support for Jetlines' exemption, keeping in mind that this was in the 'public's best interest', was indeed most impressive and appreciated.

Jetlines is committed to starting a true ULCC airline in Canada, with full financial fitness that will consistently provide lower air fares serving the public across Canada, from coast to coast.

We look forward to a further working relationship with you to help develop Jetlines Passenger Bill of Rights

Thank you!

Sincerely,

Jim Scott
